MISSISSIPPI STATE BOARD OF ARCHITECTURE

2020 ANNUAL REPORT

ANNUAL REPORT

Miss. Code Ann. Section 73-1-37 provides that the Mississippi State Board of Architecture (MSBOA) shall submit an annual report to the Governor in January, to include a complete statement of the receipts and expenditures of the Board. The details of expenditures and revenues are provided in the Board's FY21 budget request, the most relevant portions of which are included in this report.

EXECUTIVE SUMMARY

- The MSBOA was established in 1928 in order to safeguard the life, health and property of the public. The Landscape Architecture Advisory Committee (LAAC) and the Interior Design Advisory Committee (IDAC) were established in 1973 and 2011, respectively, as advisory committees to the Board of Architecture.
- The Board protects the public by establishing registration, certification and practice requirements for all licensed architects, landscape architects, and certified interior designers, ensuring that all registrants meet these requirements, and disciplining registrants who do not adhere to Mississippi's statutes and regulations.
- Regulating the design professions is essential to ensuring that individuals designing structures or sites for human use or habitation have the necessary training and skills to do so safely.
- The Board supports itself financially by collecting licensing and renewal fees from applicants for registration and certification and does not receive General Fund appropriations. MSBOA seeks to essentially break-even through a two-year income cycle.
- MSBOA also works with its counterparts in other states and with the national credentialing and examination organizations to facilitate registration for its registrants across the country and to take an active part in the development of the examinations required for professional registration or certification.

BOARD OF ARCHITECTURE

MSBOA is composed of five members appointed by the Governor. Each member holds office for five years or is held over until the appointment of his or her successor. A member of the MSBOA must be a licensed architect in Mississippi, a resident of this state, and must have been engaged in the practice of architecture for at least seven (7) years.

Heath Perry, President	Biloxi	Term Ends: June 1, 2021
Larry Bishop, Secretary/Treasurer	Flowood	Term Ends: May 31, 2022
Gregory Durrell	Jackson	Term Ends: July 1, 2020
Leigh Jaunsen	Ocean Springs	Term Ends: June 1, 2023
Richard McNeel	Jackson	Term Ends: May 31, 2024

LANDSCAPE ARCHITECTURE ADVISORY COMMITTEE

The Landscape Architecture Advisory Committee (LAAC) consists of five members appointed by the Governor from a list of nominees supplied by the Mississippi Chapter of the American Society of Landscape Architects (ASLA). Each member holds office for five years or is held over until the appointment of his or her successor.

ABOUT THE AGENCY

MSBOA is a consolidation of three regulatory bodies: The Board of Architecture, the Landscape Architecture Advisory Committee, and the Interior Design Advisory Committee. Collectively, the agency is referred to as MSBOA. This structure allows the agency to operate at optimal efficiency. MSBOA employs two full-time employees who are assisted by contracted attorneys and a contracted private investigator. The Board of Architecture meets at least quarterly, while both the Landscape Architecture Advisory Committee and the Interior Design Advisory Committee meet two to four times per year.

MISSION STATEMENT

The mission of MSBOA is to serve the State of Mississippi by protecting and preserving the life, health and property of the Mississippians who live, work, and play in the built environment through the regulation of the professions of architecture, landscape architecture and certified interior design.

AGENCY PHILOSOPHY

MSBOA will strive for efficiency and quality throughout the organization by:

- Ensuring that registrants meet minimum standards of competency through education, experience, and examination.

- Requiring licensure on the part of any person practicing or offering to practice architecture or landscape architecture.
- Requiring certification for any person using the title Mississippi Certified Interior Designer.
- Establishing standards of practice and codes of conduct and regulating in the least restrictive manner possible.
- Enforcing the laws, rules, and regulations governing title use and professional practice in a fair and consistent manner.
- Empowering the public, allied professionals and local building officials by providing education and information.

VALUES

- Service Oriented
 - MSBOA will remain focused on and committed to serving the public as a regulatory and consumer protection agency.
- Professional
 - MSBOA will provide quality and efficient service in a courteous and professional manner, treating all clients with dignity and respect.
- Innovative
 - MSBOA will make full use of current technology and best practices.
- Principled
 - MSBOA will serve the public earnestly and ethically.
- Responsible
 - MSBOA will be a good steward of the resources entrusted to it.
- Collaborative
 - MSBOA will cultivate a mutually beneficial relationship with allied state, regional and national organizations and agencies.

GOALS

- Professional Licensing/Certification
 - Ensure, through a thorough and efficient process, that any individual obtaining licensure, certification or renewal has the necessary skills and knowledge to practice.
- Regulation and Enforcement
 - Ensure through regulation and enforcement that registered design professionals protect the public's life, health and property.
- Communications, Outreach and Organizational Effectiveness
 - Increase public and professional awareness of MSBOA and its mission, activities, programs and services, provide exceptional customer service, and enhance organizational effectiveness and efficiency.

PROTECTION OF LIFE, HEALTH AND PROPERTY

Members of the public use buildings and outdoor spaces every day - from churches to schools, office buildings to parks. They have no control over or knowledge of the design of those spaces.

The public deserves reasonable assurance that these spaces are designed and constructed with safety in mind, and by qualified professionals.

State-level regulation of the practices of architecture, landscape architecture and certified interior design is critical.

RELEVANT STATEWIDE GOALS AND PHILOSOPHIES

- Protect the safety and well-being of the state's citizenry.

- To ensure the construction and maintenance of infrastructure (including roadways, waterways, railways, airports, water and sewer systems, pipelines, electricity lines, broadband connections, public buildings) is adequate to meet the needs of citizens and the business community and to foster economic growth.
- To protect Mississippians from risks to public health and to provide them with the health-related information and access to quality healthcare necessary to increase the length and quality of their lives.
- To ensure that current and future generations have access to the state's abundant natural resources through restoration, protection, conservation, and wise development of those resources.
- Practicing accountability and transparency at every level of government.
- Placing ultimate value on efficiency and effectiveness of government services to taxpayers and citizens.
- To create an efficient government and an informed and engaged citizenry that helps to address social problems through the payment of taxes, the election of capable leaders at all levels of government, and participation in charitable organizations through contributions and volunteerism.

DID YOU KNOW?

- The service provided by MSBOA – protection of the public's life, health and property – is critical. The potential price of incompetence by one designing a building or an outdoor site/project is injury or death, financial loss, and/or loss of property. For this reason, all 50 U.S. states require registration for architects and landscape architects. 27 U.S. jurisdictions have some form of regulation for interior designers.
- MSBOA has focused very specifically on efficiency. Over 90% of MSBOA's licensure services are submitted online, and applications are processed within 3 weeks. Additionally, most historical files have been transitioned to a paperless licensing system.
- Other examples of efficiency include paperless board meetings, electronic application approval, a website full of in-depth information and online services, and in-house bookkeeping/budgeting by staff (tasks performed by staff members who spend 90% of their time on board-specific duties such as licensure and regulation).
- As a special fund agency with a lean budget, MSBOA's finances are highly transparent, which supports accountability. Transparency is further enhanced by other levels of state oversight and interaction such as the Legislative Budget Office, the appropriations and budgeting process, appearances before budget sub-committees, the Department of Finance and Administration, and the Office of the State Auditor.
- MSBOA members serve and have served at the highest level for the national examination and credentialing organizations, thereby giving Mississippi a seat at the table as major decisions were made regarding professional education, training, examination, and reciprocal licensure. Members and staff volunteer in these roles, and, although Mississippi is not responsible for the travel expenses related to the national and regional officer positions, the state benefits greatly from these opportunities to guide critical decisions that impact applicants, interns, and registrants in the state.
- MSBOA's FY 2017 audit by the Office of the State Auditor revealed only three minor findings—two findings regarding the agency's clearing account, which has since been closed, and one finding regarding mileage reimbursement. Corrective action has been taken to address these findings. The results of this audit confirm that MSBOA is an efficient and well-managed agency that takes its fiduciary responsibilities seriously.

BUDGET

	FY19 Actual	FY20 Estimate	FY21 Request
Salaries/Wages/Fringe Benefits	\$156,966	\$163,478	\$163,628
Travel	25,258	33,000	33,000

Total	\$297,822	\$356,165	\$355,668

SPECIAL FUND/BREAK-EVEN PLANNING

MSBOA seeks to essentially break-even through the two-year income cycle (see Revenue, below). The agency strives to retain approximately one year of operating expenses at the lowest point in the fund balance, which occurs just prior the renewal season in the fall of each odd calendar year. MSBOA takes a long look - 10 years out - to manage this break-even funding ideal. Long-range planning has allowed MSBOA to keep any fee increases to 10-year intervals, and then only as needed.

REVENUE

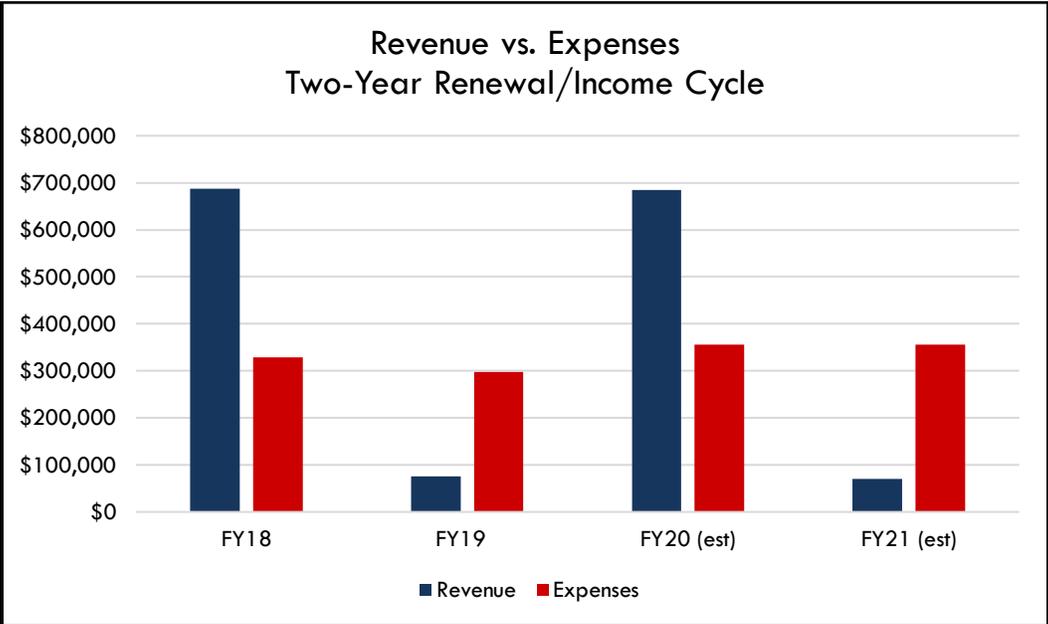

Revenue by Fiscal Year

FY18	\$687,495 (actual)
FY19	\$76,056 (actual)
FY20	\$685,000 (estimate)
FY21	\$70,000 (estimate)

Two-Year Income Cycle

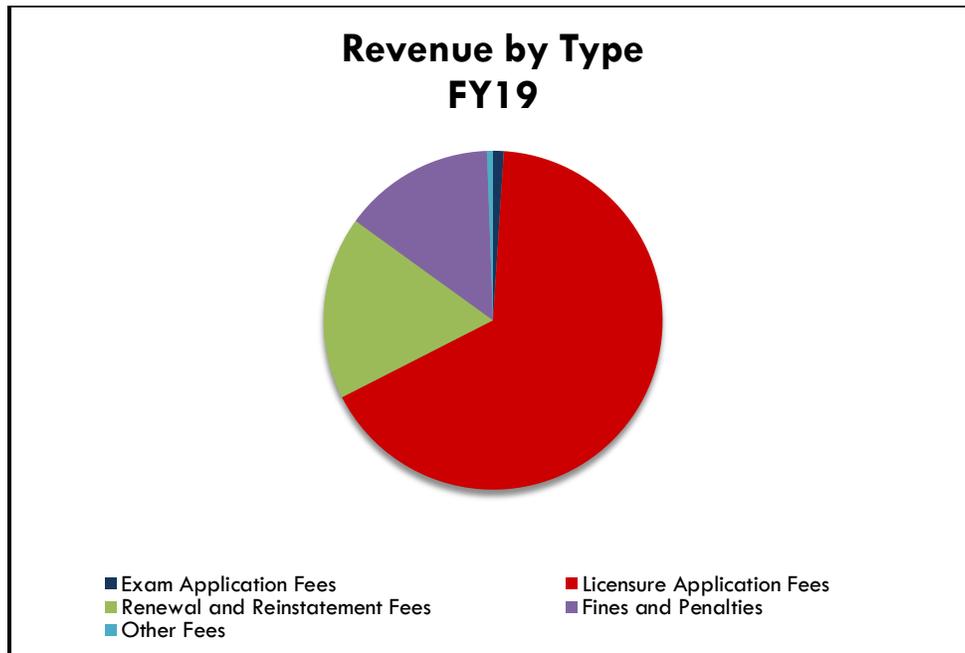

MSBOA operates within a two-year income cycle because registrants renew every other year. Renewal fees are realized in even numbered fiscal years, thus revenue is much higher in those fiscal years. Consequently, expenditures, which remain somewhat constant year-to-year, exceed revenue during odd numbered fiscal years.

80% of MSBOA’s revenue is from renewals which occur in even numbered fiscal years.

SOURCE OF REVENUE

Approximately 80% of MSBOA's revenue is from out-of-state registrants and is mainly derived from renewals.

LICENSURE BY TYPE AND LOCATION

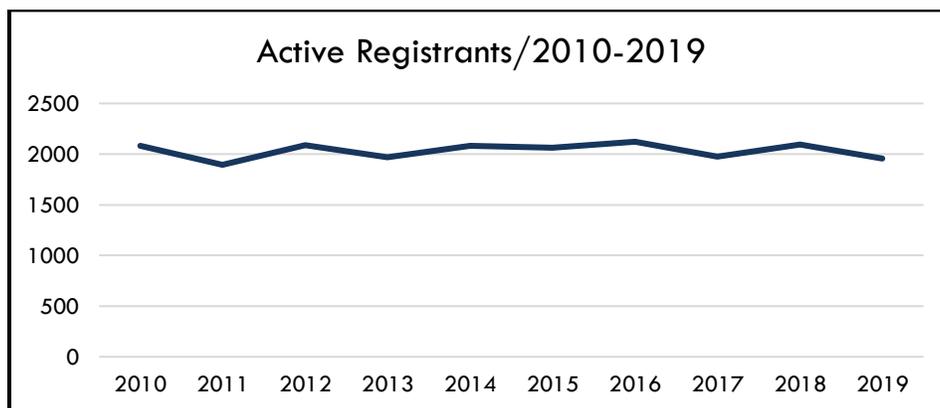

Figures are as of December 31, 2019.

75% of MSBOA's registrants are from out-of-state, while 25% reside in Mississippi.

	Architects	Landscape Arch.	Interior Designers	Total
Resident	356	94	47	497 (25%)

PATHWAYS TO LICENSURE

Architects and Landscape Architects

MSBOA offers two pathways to licensure for architecture and landscape architecture applicants:

Initial Licensure by Examination - A candidate must obtain an accredited or approved professional practice degree, complete the internship requirements (architects only), and pass the professional licensure examination.

Reciprocal Licensure - An individual who has become initially licensed by another jurisdiction (by passage of the national registration examination) may apply as a reciprocal applicant. The applicant must provide a verified (certified) record from the requisite national credentialing organization which will provide documentation that the applicant has met Mississippi's licensure requirements.

Certified Interior Designers

Interior designers are certified through a direct registration process. This process considers their education, training and examination, without regard to licensure or certification in other states.

National Examinations

For all three professions, the professional examination required for licensure or certification in Mississippi is accepted by all U.S. jurisdictions in support of licensure. Once an individual has passed all sections of the examination, re-testing is not required to gain subsequent licensure in other jurisdictions.

Continuing Education

Following licensure or certification, continuing education requirements help assure that practitioners maintain or expand their skills and knowledge and stay abreast of new developments in their profession.

FACILITATING LICENSURE

MSBOA, in conjunction with the national credentialing and examination organizations for the design professions, has made great strides in facilitating licensure. Examples of these efforts include:

- Assisting, through involvement in national organizations, in the development of model laws and regulations and conducting regular reviews to bring Mississippi's laws and regulations, to the extent possible, into conformity with the national models.
- Accepting for initial or reciprocal licensure individuals who participate in the Integrated Path to Architectural Licensure (IPAL) program, which accelerates the licensure process by allowing candidates to complete their examination and experience requirements prior to graduation from a National Architectural Accrediting Board- (NAAB) accredited program.
- Accepting documentation of education, experience and examinations provided in national council records to streamline the application process. Completed applications that are free of eligibility issues are normally processed within three (3) weeks. Approximately 75% of all registrations issued by MSBOA are reciprocal, demonstrating the efficiency of this process.
- Adopting model continuing education requirements and including continuing education reciprocity provisions in the rules to facilitate interstate practice and simplify recordkeeping for registrants.

ANTI-TRUST AWARENESS/SAFEGUARDS

Recent events in the country have highlighted the fact that the responsibility of occupational and professional licensing boards is to protect the public – not the professions. MSBOA members are well-aware of their responsibilities in this regard. Upon appointment, members are provided with training to stress this very fact. MSBOA receives oversight of all decisions – both regulatory and rulemaking – by a Special Assistant Attorney General. Additionally, rule revisions are reviewed by Mississippi's Occupational Licensing Review Commission.

RULEMAKING

MSBOA reviews rules annually in an effort to remain current and relative to today's practice. Rule revisions for each profession are crafted by the five-member board or committee, with oversight from a Special Assistant Attorney General, and by the Occupational Licensing Review Commission. Additional legal counsel is provided by an attorney with more than 30 years of experience with MSBOA and in the construction and design industry.

After final approval and adoption by MSBOA, rule revisions are provided to all registrants by electronic-mail with a request for comment or concerns. The revisions mark-up is also posted on the MSBOA website and on the Secretary of State's Administrative Bulletin. Comments from licensees or the public are encouraged and may lead to further revisions.

PROACTIVE REGULATION THROUGH OUTREACH

MSBOA is committed to providing architects, landscape architects, interior designers, students, interns, building officials and allied professionals with educational opportunities, and presents information to these groups on a regular basis. In doing so, MSBOA strives to prevent violations, and any resulting

disciplinary actions. MSBOA's goal is safe practice – protection of the public's life, health and property. It is better to prevent violations than to adjudicate them.

REGULATION AND ENFORCEMENT

The MSBOA complaint process ensures due process for the accused. With oversight from a Special Assistant Attorney General, and in compliance with state law, MSBOA receives complaints and adjudicates cases. The board, through an investigative committee, investigates all charges received, and determines if there is reasonable cause and sufficient evidence to warrant disciplinary action. If so, and charges result, the accused practitioner receives a notice outlining all charges, as well as the practitioner's right to a hearing before the Board. Hearings are conducted by a hearing officer, and board decisions may be appealed in Chancery Court.

JOINT COMMITTEE ON BUILDING DESIGN AND CONSTRUCTION

MSBOA participates in a joint committee with members of the Board of Licensure for Professional Engineers and Surveyors. This joint committee considers overlap between the professions, cross complaints, joint complaints, and other common concerns. The joint committee is currently in the process of preparing a comprehensive handbook for use by practitioners and building officials to replace the existing "Building Officials Guide to Architecture and Engineering Requirements."

NATIONAL CREDENTIALING AND EXAMINATION ORGANIZATIONS

The National Council of Architectural Registration Boards (NCARB), the Council of Landscape Architectural Registration Boards (CLARB), and the Council for Interior Designer Qualification (CIDQ) serve as the credentialing and examination organizations for MSBOA and all U.S. registration boards for architects, landscape architects and interior designers. Membership in these groups is comprised of the state licensure boards for the respective professions. These organizations facilitate interstate practice and licensure mobility by:

- Developing model laws and regulations to serve as a guide to state boards and encourage uniform registration and practice requirements.
- Delivering legally defensible national examinations for the design professions. The cost of producing these exams is shared by all the members of these national organizations and would be cost prohibitive otherwise.
- Maintaining records for practitioners documenting education, experience, and examination to expedite and streamline reciprocal licensure.
- Providing education opportunities and other resources to support licensure boards, including national databases of disciplinary actions.

NATIONAL PARTICIPATION

MSBOA's involvement in NCARB, CLARB, and CIDQ allows staff, board members and committee members to stay abreast of trends and activities in other jurisdictions and assures that Mississippi has a voice in decisions that impact applicants, interns, and registrants in the state, including examination development and the development of programs that facilitate licensure and streamline registration requirements.

MSBOA has a long history of service in these organizations. MSBOA members and staff have served on a variety of committees and in elected offices (including as president of NCARB and CLARB). It is important to note that travel related to elected offices and committee appointments is not funded by MSBOA nor by dues paid by MSBOA.

Members and staff have recently served or are serving in the following positions:

NCARB Regional Office
Richard McNeel, Chair, Southern Conference of NCARB

Larry Bishop, Treasurer, Southern Conference of NCARB

NCARB Committees

Gregory Durrell, Member, National Architectural Accrediting Board (NAAB) Visiting Team Member

Heath Perry, Member, Examination Workgroup

Richard McNeel, Member, Interiors Taskforce, Policy Advisory Committee, Regional Leadership Committee

John Cothron, Member, Professional Conduct Committee

CLARB Committees

John Cothron, Member, Member Board Executives Committee

History of National Service

Bob Luke (former member of MSBOA), Christopher Hoffman (current member of LAAC), Temple Barry (former member of LAAC) and Susan Case (former member of LAAC) have also served as the national president for their respective organizations.

CONCLUSION

MSBOA is a committed consumer protection agency that protects the public through proactive licensure and regulatory efforts. MSBOA has a strong enforcement and regulatory program, a thorough application process, and a responsible educational agenda. In addition to the good work MSBOA is accomplishing in Mississippi, the members of MSBOA affect their respective professions nationally through leadership positions in national organizations. All the while, MSBOA is a fiscally responsible and efficient agency.

OTHER SPECIAL FUNDS

The Board's revenue and only source of funding is from the fees and fines collected by the Board from applicants and registrants. During FY19, the Board's income was \$76,056. The estimated income for FY20 is \$685,000, and it is \$70,000 for FY21.

IMPORTANT REMINDER: The Board has a two-year income cycle. Over 80% of the Board's income is generated by license renewals in odd calendar years, which correlates to even numbered fiscal years. Over this two-year cycle, the Board must maintain adequate cash for the non-renewal years (odd fiscal years), during which expenditures exceed income, when the balance in the special fund is at its low point.

Changes affecting fees/funding: The Board anticipates that licensure and application fees will remain the same until at least 2025 or 2027. The Board's last fee increase was in July 2015, at which time the Board anticipated no additional fee increases until 2025, holding to its goal of 10-year intervals between fee increases. The removal of some intra-agency fees during this period should allow the Board to extend the interval between fee increases.

TREASURY FUND / BANK

All monies collected through the mail and through the online E-Gov electronic process are deposited into the State Treasury. The Board no longer has a separate bank account for transferring funds to the State Treasury. The Board has a two-year income cycle. During the two-year cycle, over 80% of the the Board's revenue is generated in even numbered fiscal years.
