- B. Each certificate holder shall be required to meet the continuing education requirements of these guidelines. These guidelines provide for a mandatory continuing education program to insure that certified interior designers remain informed of those technical and professional subjects IDAC deems appropriate to safeguard life, health, and promote the public welfare. Acquisition of the required units in conformance with this chapter is a condition precedent to renewal.

 - 1. "CEU" - Continuing Education Unit. One CEU shall represent a minimum of 50 minutes of actual course time. No credit will be allowed for introductory remarks, meals, breaks or business/administration matters related to courses of study.
 - 2. "Health/Safety/Welfare (HSW) Topics" - Technical and professional subjects which directly safeguard the health, safety, and welfare of the public as it relates to certified interior design. Examples include, but are not limited to, knowledge of legal codes, building regulations and product performance standards and topics such as energy efficiency, acoustics, sustainability, lighting and fire and life-safety systems that are implemented to protect the public and the environment.
- D. Requirements
 - 1. Each Mississippi Certified Interior Designer shall complete a minimum of twelve (12) CEUs in HSW topics each biennial reporting period.
 - 2. The reporting period shall be concurrent with the certification period, that being February 1st of the even numbered year of renewal until January 31st of the next even numbered year.
- E. Scope - These rules shall constitute a condition precedent to renewal of certification on a biennial basis for any person certified as an interior designer by the State of Mississippi.
- F. Acceptable structured educational activities, which must be health, safety and welfare related, shall include the following:
 - 1. Attending professional or technical presentations or lectures at meetings, conventions, or conferences; and

Each certificate holder shall submit an affidavit attesting to the certificate holder's fulfillment of continuing education requirements during the preceding biennial certification period, which is the CEU reporting period. The affidavit shall be included with the application for certificate renewal.
2. Each affidavit shall be reviewed by IDAC and may be subject to audit for verification of compliance with requirements.
3. Certificate holders shall retain proof of fulfillment of requirements for a period of two (2) years after submission in the event that the affidavit and biennial report is selected for audit. Such proof of fulfillment may include certificates, or a combination of receipts showing payment or certification, letters, travel receipts, agendas, personal notes, or other documents which prove the certificate holder's participation in each activity for which credit is claimed.
4. Audit reports must include proof that the certificate holder has completed any claimed activity in conformance with these guidelines and shall be provided in a format prescribed by IDAC.
5. IDAC may, upon audit for verification of compliance, disallow claimed credit for continuing education units. The certificate holder shall have Ninety (90) calendar days after notification of disallowance of credit to substantiate the original claim or earn other CEU credit, which fulfill minimum requirements. Failure to substantiate the original claim or to earn other credit before the expiration of the Ninety (90) calendar days shall invalidate the renewal and the certificate holder shall be immediately rendered inactive.

H. Penalty for Late Units - The close of the two-year CEU reporting period occurs on January 31 of even numbered calendar years. The penalty for CEUs earned late shall be \$500 for each biennial renewal period in which any number of the twelve (12) CEUs were deficient and earned after the close of the CE reporting period. Any CEUs earned after the January 31 close of the CEU reporting period are considered late. The registrant is required to self-report late CEUs during the application renewal. Failure to report late credits may constitute the submission of a false statement to the Board.

I. Exemptions - A certificate holder may be exempt from participating in the continuing education requirement for one of the following reasons:

1. A first-time certificate holder shall be exempt for his/her first application for renewal;
or
2. Certificate holder is an Emeritus Certified Interior Designer; or
