Important Information:

- *Miss. Code Ann. § 11-75-1* (the "Mississippi Architects and Engineers Good Samaritan Act") and Board of Architecture Rule 4.3.5 allow architects who are not currently registered in this state, but who are currently registered in another United States or Canadian jurisdiction, to provide uncompensated (other than reimbursement of expenses) safety assessment services at the scene of an emergency at the request of a public official.
- This provision shall apply only to safety assessment services rendered within ninety (90) days following the end of the period for the emergency, unless extended by an executive order. "Safety assessment services" means inspection and evaluation of any structure, building, facility, project utility, equipment, machine, process, piping, or other system at the scene of an emergency related to structural integrity or nonstructural elements affecting life, safety and habitability.
- Architectural services beyond safety assessment services including, but not limited to, design of repairs, demolition plans, construction documents, or construction administration shall only be undertaken by an architect registered in Mississippi.

Instructions:

- Any person providing uncompensated safety assessment services under this provision shall notify the Board of Architecture using this form. Return the executed form to the Board address above.
- Attach current documentation from your resident jurisdiction of licensure to verify that you hold a current license.
