Rule 3.2.17 of the Rules and Regulations of the Mississippi State Board of Architecture reads as follows:

In circumstances where a Mississippi registered architect or registered design professional can no longer provide services on a project due to death, retirement, incapacity, or disability, or mutual agreement to terminate a contract for architectural services, a successor architect, who is a registered Mississippi architect, may undertake to complete the architectural services including any necessary and appropriate changes provided:

- A. a legal transfer of the contractual work has occurred; and
- B. all references to the original architect (title block, seals, signatures, etc.) must be removed from all documents; and
- C. the successor architect accepts responsible control for the project; and
- D. the successor architect complies with all applicable statutes, rules and regulations of the State of Mississippi, including but not limited to the provisions of *Miss. Code Ann. §73-1-19*; and
- E. the successor architect notifies the Board, in writing, of any projects he is undertaking under the provisions of this rule.

This will serve as notice to the Board that I am serving as the successor architect for the project identified above in compliance with Rule 3.2.17.
